Warren was a loner, a bounty hunter. He didn't know what he was getting into when he promised an elderly dying settler that he would escort his beautiful young bride safely through Indian territory to her destination.

When her father falls into a coma, Indian American photographer Sonya reluctantly returns to the family she'd fled years before. Since she left home, Sonya has lived on the run, free of any ties, while her soft-spoken sister, Trisha, has created a perfect suburban life, and her ambitious sister, Marin, has built her own successful career. But as these women come together, their various methods of coping with a terrifying history can no longer hold their memories at bay. Buried secrets rise to the surface as their father--the victim of humiliating racism and perpetrator of horrible violence--remains unconscious. As his condition worsens, the daughters and their mother wrestle with private hopes for his survival or death, as well as their own demons and buried secrets. Told with forceful honesty, Trail of Broken Wings reveals the burden of shame and secrets, the toxicity of cruelty and aggression, and the exquisite, liberating power of speaking and owning truth.

Drake Pearson, a narrow-minded 18-year-old barely enduring Missouri's heat, is tired of feeling empty. Living conditions are about as cozy as a cardboard box, on account of his alcoholic father who can find nothing better to do than argue relentlessly with him. When Drake thinks he can't take another blow, he is reminded daily of his mom who vanished twelve years ago. And now there's a dead body. After a terrible accident turns into a protected secret, a twisted string of events brings Drake miles away from home to an elderly man's front door. Every promising opportunity also brings new doubts and temptations to run away—this time for good. When the secret he has kept locked away threatens to reveal itself, Drake knows he must shield it with his very life, even if the love he has been shown undeservingly is about to be destroyed.
