"I'm not a businessman-I'm a business, man." --Jay-Z Some people think Jay-Z is just another rapper. Others see him as just another celebrity/mega-star.

The reality is, no matter what you think Jay-Z is, he first and foremost a business. And as much as Martha Stewart or Oprah, he has turned himself into a lifestyle. You can wake up to the local radio station playing Jay-Z's latest hit, spritz yourself with his 9IX cologne, slip on a pair of his Rocawear jeans, lace up your Reebok S. Carter sneakers, catch a Nets basketball game in the afternoon, and grab dinner at The Spotted Pig before heading to an evening performance of the Jay-Z-backed Broadway musical Fela! and a nightcap at his 40/40 Club. He'll profit at every turn of your day. But despite Jay-Z's success, there are still many Americans whose impressions of him are foggy, outdated, or downright incorrect. Surprisingly to many, he honed his business philosophy not at a fancy B school, but on the streets of Brooklyn, New York and beyond as a drug dealer in the 1980s. Empire State of Mind tells the story behind Jay-Z's rise to the top as told by the people who lived it with him- from classmates at Brooklyn's George Westinghouse High School; to the childhood friend who got him into the drug trade; to the DJ who convinced him to stop dealing and focus on music. This book explains just how Jay-Z propelled himself from the bleak streets of Brooklyn to the heights of the business world. Zack O'Malley Greenburg draws on his one-on-one interviews with hip-hop luminaries such as DJ Clark Kent, Questlove of The Roots, Damon Dash, Fred "Fab 5 Freddy" Brathwaite, MC Serch; NBA stars Jamal Crawford and Sebastian Telfair; and recording industry executives including Craig Kallman, CEO of Atlantic Records. He also includes new information on Jay-Z's various business dealings, such as: \*The feature movie about Jay-Z and his first basketball team that was filmed by Fab 5 Freddy in 2003 but never released. \*The Jay-Z branded Jeep that was scrapped just before going into production. \*The real story behind his association with Armand de Brignac champagne. \*The financial ramifications of his marriage to Beyonce. Jay-Z's tale is compelling not just because of his celebrity, but because it embodies the rags-to-riches American dream and is a model for any entrepreneur looking to build a commercial empire.

"I'm not a businessman-I'm a business, man." --Jay-Z Some people think Jay-Z is just another rapper. Others see him as just another celebrity/mega-star. Jay-Z's tale is compelling not just because of his celebrity, but because it embodies the rags-to-riches American dream and is a model for any entrepreneur looking to build a commercial empire.

As much as Martha Stewart or Oprah-and perhaps more than any musician-Jay Z has turned himself into a lifestyle. You can wake up to the local radio station playing his newest hit, spritz yourself with his latest cologne, slip on a pair of his Rocawear jeans, lace up your Reebok S. Carter sneakers, watch baseball star Robinson Cano smack a couple of hits in an afternoon game, and grab dinner at The Spotted Pig. On the way to Jay Z's 40/40 Club for a D'Usse cognac nightcap, sign up for streaming service Tidal and hear his latest collaboration with Beyonce. He'll profit at every turn of your day. Empire State of Mind reveals the story behind Jay Z's rise as told by the people who lived it with him, from classmates at Brooklyn's George Westinghouse High School and the childhood friend who got him into the drug trade, to the DJ who persuaded him to stop dealing and focus on the music. Now with new interviews with industry insiders like Russell Simmons, Alicia Keys, and J. Cole-more than one hundred in total-this book explains just how Jay Z propelled himself from the bleak streets of Brooklyn to the heights of the business world. 'I'm not a businessman-I'm a business, man.' Jay Z 'Fascinating, well-done biography of one of the most extraordinary entrepreneurs of our era.' Steve Forbes 'Greenburg has become one of the rare reporters to bring dignified coverage of the hip-hop business into the mainstream. Empire State of Mind is a pure product of Greenburg's care and insight, an exploration of hip-hop's most enigmatic mogul.' Dan Charnas, author of The Big Payback- The History of the Business of Hip-Hop 'Greenburg follows the money and key pieces of the Jay Z puzzle in this insightful, savvy read. This book is like a GPS leading us through the modern urban reality of how Jay Z's empire was built.' Fab 5 Freddy, artist, hip-hop pioneer, and former host of Yo! MTV Raps 'A superb guide for your career, even if you are looking to be an investment banker or grocery store manager instead of a hip-hop legend.' CNN.com

-First published in United States of America by Portfolio/Penguin 2011-.

Struggling to understand why her beloved grandfather left his family to die alone in a field hospital far from home, a young doctor in a war-torn Balkan country takes over her grandfather's search for a mythical ageless vagabond while referring to a worn copy of Rudyard Kipling's "The Jungle Book."

Maxwell Sim can't seem to make a single meaningful connection. His absent father was always more interested in poetry; he maintains an e-mail correspondence with his estranged wife, though under a false identity; his incomprehensible teenage daughter prefers her BlackBerry to his conversation; and his best friend since childhood is refusing to return his calls. He has seventy-four friends on Facebook, but nobody to talk to. In an attempt to stir himself out of this horrible rut, Max quits his job as a customer liaison at the local department store and accepts a strange business proposition that falls in his lap by chance: he's hired to drive a Prius full of toothbrushes to the remote Shetland Islands, part of a misguided promotional campaign for a dental-hygiene company intent on illustrating the slogan "We Reach Furthest." But Max's trip doesn't go as planned, as he's unable to resist making a series of impromptu visits to important figures from his past who live en route. After a string of cruelly enlightening and intensely awkward misadventures, he finds himself falling in love with the soothing voice of his GPS system ("Emma") and obsessively identifying with a sailor who perpetrated a notorious hoax and subsequently lost his mind. Eventually Max begins to wonder if perhaps it's a severe lack of self-knowledge that's hampering his ability to form actual relationships. A humane satire and modern-day picaresque, *The Terrible Privacy of Maxwell Sim* is a gently comic and rollickingly entertaining novel about the paradoxical difficulties of making genuine attachments in a world of advanced communications technology and rampant social networking.

(Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part, as well as in the vocal line.

This brilliant thriller, set in a parallel prohibition-era New York, follows detective Rad Bradbury as he discovers an open hole in reality that forces two universes to fight for survival. Original.

Tracing the careers of hip-hop's three most dynamic stars, this deeply reported history brilliantly examines the entrepreneurial genius of the first musician tycoons: Diddy, Dr. Dre, and Jay-Z. Being successful musicians was simply never enough for the three kings of hip-hop. Diddy, Dr. Dre, and Jay-Z lifted themselves from childhood adversity into tycoon territory, amassing levels of fame and wealth that not only outshone all other contemporary hip-hop artists, but with a combined net worth of well over \$2 billion made them the three richest American musicians, period. Yet their fortunes have little to do with selling their own albums: between Diddy's Ciroc vodka, Dre's \$3 billion sale of his Beats headphones to Apple, and Jay-Z's Tidal streaming service and other assets, these artists have transcended pop music fame to become lifestyle icons and moguls. Hip-hop is no longer just a musical genre; it's become a way of life that encompasses fashion, film, food, drink, sports, electronics and more - one that has opened new paths to profit and to critical and commercial acclaim. Thanks in large part to the Three Kings—who all started their own record labels and released classic albums before moving on to become multifaceted businessmen—hip-hop has been transformed from a genre spawned in poverty into a truly global multibillion-dollar industry. These men are the modern embodiment of the American Dream, but their stories as great thinkers and entrepreneurs have yet to be told in full. Based on a decade of reporting, and interviews with more than 100 sources including hip-hop pioneers Russell Simmons and Fab 5 Freddy; new-breed executives like former Def Jam chief Kevin Liles and venture capitalist Troy Carter; and stars from Swizz Beatz to Shaquille O'Neal, *3 Kings* tells the fascinating story of the rise and rise of the three most influential musicians in America.
