KEENAN It's been four years since I ran away-from home, my brother, and my maybe father. I created a life free of expectations while pretending I wasn't being hunted by all of the above. I managed to stay under the radar all this time... or so I thought. When big brother shows up and saves my ass, I'm forced to face everything I left behind, including her. SHELDON It's been four years since I became another statistic. I made a lot of mistakes when it came to Keenan Masters. The first was loving him at all. He took something from me the night he left, and when I told him I still loved him, he told me he'd always hate me. After that, I learned how to be okay... until he came back. Gone was the boy who always knew how to make me laugh, and in his place was a cold, arrogant monster. Fear Us is a continuation of the events from book one and two. It's recommended you read the series in order.

She's the girl who got away, but now she's back... Four years was all it took. I told myself I didn't need friends. I didn't need family. I sure as fuck didn't need him. And you know what? I was right. He had been inside of me, coursing through my veins. So I cut and bled Dash Chambers until I was free. But the day I returned to Six Forks and was thrown at his feet, I realized I would never forget how it felt to have every inch of him inside me. ...and he's waiting. Angel thought if she ran far enough, she'd be free. What's mine will always be mine. This time I do things my way. Breaking Love is book four of a complete series and a continuation of the events in the previous installments. It's recommended you read the series in order.

A missing legacy, a stolen son, and one dangerous secret changed everything for them... SHE STOLE MY PROPERTY I'll never forget the night I caught her sneaking around my place. She thought she could steal from me and get away with it, but I have no intention of letting her get away at all. Mian Ross has a lesson to learn, and I'm going to be the one to teach it to her. HE STOLE MY SON I'll never forget the night I made the second biggest mistake of my life. It was supposed to be a simple job, but it quickly became so much more—one that cost my freedom and cost my son. Angel Knight became my worst nightmare...and now, he'll never let us go.

Angst! Adrenaline! Sexy times! The Peer and the Puppet had me salivating for MORE! My favorite since Fear Me. -- Tijan, NYT Bestselling author **THE PUPPET** Borrow the bike. Win the race. Collect the cash. It should've been an easy job. Ran out of town with a broken leg and a lawsuit, my mother's latest flame swoops in like a knight in gilded armor. Blackwood Keep is a place I don't belong, and I'm not the only one who knows. To the boy across the hall, my savior's only son, I'm a stray looking for a bone. He's lord of the manor. King of the academy. And number one on my shit list. **THE PEER** I have no intentions of becoming a happy family with the social climber and her wild daughter. A bottle of Jameson and a cracked skull gets my problem shipped to reform school, but I didn't bank on her returning. Four's out to get even, and she almost had the perfect plan: expose the privileged kid moonlighting as a gangbanger. She's smart, but she'll have to be smarter. Sending her away won't be good enough this time. I'm going to have to tame the little troublemaker. To the girl across the hall, the one without a name, I'm nothing without my silver spoon. She's lady of the trailer park. Queen of the swamps. And my new favorite pastime. Alternate Cover Edition. **The Peer and the Puppet** is an interconnected standalone and book one of the **When Rivals Play** series. Content suitable for 18+.

Take one last ride with Keiran and Lake and the rest of the Broken Love gang in this fifth and final installment as they face stronger enemies and bigger obstacles while fighting to hold tight to the tattered existence of their love. When faced with broken love... Have you ever had the feeling you were a stranger? Out of reach, I watched and mourned me. Nothing moved. Breathed. Nothing lived. I was in an alternate universe. No longer an innocent. I had blood on my hands, and I wasn't even sorry for it. I was only afraid for Keiran. Of his reaction when the shock wore off. It would be an explosion. Of hurt, anger, and mistrust. He'd know I lied. And to him... The betrayal born of my good intentions is worse than the act of murder. ...will you succumb to fear... She was supposed to be my light. The one who saved me from the monster. But when I looked in her eyes that day, I didn't see her. I only saw my father's killer. Her love saved me from the monster. Mine turned her into one. ...or will you be fearless?
