Perfect for fans of the dystopian settings of *The Hunger Games* and *Divergent*, the gripping second installment of the *Slated* trilogy is a riveting psychological thriller set in a future where violent teens have their memory erased as an alternative to jail. Kyla has been *Slated*—her personality wiped blank, her memories lost to her forever.

Or so she thought. She shouldn't be able to remember anything. But increasingly she can—and she's discovering that there are a lot of dark secrets locked away in her memories. When a mysterious man from her past comes back into her life and wants her help, she thinks she's on her way to finding the truth. But this new knowledge lands her in the middle of a tug-of-war between two dangerous adversaries, and despite her misgivings about both of them, she's forced to choose a side for her own protection.

Distinguishing herself from other Slated teens by questioning things she should not, Kyla begins retrieving memories of her years with the Anti Government Terrorists (AGT) that reveal she has been programmed to fight the Lords.

The stunning conclusion to the Slated trilogy, for fans of Unwind and Legend ! Kyla is in danger from both the government Lords who erased her memory and the terrorists who tried to use her. So now she's on the run. Sporting a new identity and desperate to fill in the blank spaces of her life pre-Slating, Kyla heads to a remote mountain town to try to reunite with the birth mother she was kidnapped from as a child. There she is hoping all the pieces of her life will come together and she can finally take charge of her own future. But even in the idyllic wilderness and the heart of her original family, Kyla realizes there is no escape from the oppressive Lords. Someone close to her may be one of them, and even more frighteningly, her birth mother has been keeping secrets of her own. In this stunning series finale, Kyla finally finds out who she really is—and the road to this discovery, and to deciding who she wants to become, is full of dangerous twists and turns that will keep readers riveted.

The gripping first book of a rebellious trilogy about truth, power, and impossible choices, perfect for fans of Divergent and Legend. Kyla's memory has been erased, her personality wiped blank, her memories lost forever. She's been slated. The government claims that she was a terrorist and they are giving her a second chance—if she plays by their rules. But scenes from the past haunt her as she tries to adjust to a new life, family, and school, leaving her unsettled. Who is she really? And if only criminals are meant to be slated, why are so many other teens disappearing? As she and her friend Ben seek answers, Kyla is torn between the need to know more and her instinct for self-preservation. "A suspenseful page-turner with a highly sympathetic and strong female protagonist. . . . Will have readers waiting eagerly for a sequel." —Booklist "Excellent. . . . Kyla's erased memory works wonderfully as a storytelling device." —io9
