Waiting for Elijah is
an intimate portrait
of time-reckoning,

syncretism, and proximity in one of the world's most polarized landscapes, the Bosnian Field of Gacko. Centered on the shared harvest feast of Elijah's Day, the once eagerly awaited pinnacle of the annual cycle, the book shows

how the fractured
postwar landscape
beckoned the
return of
communal life that
entails such
waiting. This
seemingly
paradoxical
situation—waiting
to wait—becomes a
starting point for a
broader discussion
on the complexity

Rising material that explores the hidden path of the religions banned by the orthodox Church--from the time before Christ when the foundations of Christianity were being laid to the tumultuous times of the Cathars and Templars and the

Masons of the New
World. Revealed in
this investigation of
the roots of

Western faith are
the intimate ties of
ancient Egyptian
religion to

Christianity, the
true identities of
the three magi, the
link forged by the
Templars between
early Christianity

and the Masons,
and how these
hidden religious
currents still
influence the
modern world. This
book serves as a
compelling
introduction to the
true history of the
heretical religious
traditions that
played as vital a
role in society as

the established
faiths that
continuously tried
to suppress them.
Born in the same
religious ferment
that gave birth to
Christianity, these
spiritual paths
survived in the
“heresies” of the
Middle Ages, and in
the theories of the
great Renaissance

thinkers and their successors, such as Isaac Newton and Giordano Bruno.

Brought to the New World by the Masons who inspired the American Revolution, the influence of these forbidden religions can be still found today in "The Star

Spangled Banner”
and in such
Masonic symbols
as the pyramid on
the back of the

Francesco
Koslovic--even his
name straddles two
cultures. And
during the spring of
1955, in the village
of Materada on the

Istrian Peninsula,
his two worlds are
coming apart.

Materada, the first
volume of Fulvio
Tomizza's
celebrated Istrian
Trilogy, depicts the
Istrian exodus of
the hundreds of
thousands who had
once thrived in a
rich ethnic mixture
of Italians and

Slavs. Complicating
Koslovic's own
departure is his
attempt to keep
the land that he
and his brother
have worked all
their lives. A
picture of a
disappearing way
of life, a tale of
feud and
displacement, and
imbued with the

tastes, tales, and
songs of his native
Istria, Koslovic's
story is a

testament to the
intertwined ethnic
roots of Balkan
history.

Post-Secular
Society argues for several characteristics of the secular: the experience of living in a secular age and the experience of living without religion as a normal condition. Religion in the
