[Molly: 'Who the f\\*\\*k is Madonna?' Madonna: 'What the f\\*\\*k is a Molly?' More than thirty-five years in the making, this is the story of Ian 'Molly' Meldrum and the television show that stopped the nation. In 1974 Molly was working as a record producer and music journalist when he was offered the chance to be the talent co-ordinator of a new music show called Countdown. It would run for the next thirteen years and become one of the most-loved and most-watched programs on Australian television. It also turned Molly into a national institution \(or 'mental institution' as one of his friends put it\). During that period he not only became the most influential voice in Australian music, he endeared himself to millions of viewers with a uniquely unpolished interviewing style and a tangible on-screen passion. For better or for worse, whether interviewing Prince Charles or Sid Vicious, Molly was always Molly. Along the way he talked, partied, argued, exchanged blows and became firm friends with a roll-call of the world's greatest musical names. Sir Elton John famously described him as 'the best thing that ever happened to Australian music.' Filled with outrageous anecdotes and a kaleidoscopic cast of musos, colourful characters and international superstars, The Never, Um, Ever Ending Story is Molly's hilarious, vivid, warm and always compelling memoir of his chaotic, incredible life and the show that made him famous.](#)

If he continues his quest, it could mean his own death. The Mist is rising and soon the world will be enveloped in its deadly embrace, turning what's left of humanity into the undead.
