This was one of the first text to classify the unit operations by the underlying process---heat transfer, mass transfer, momentum transfer, etc. Professor Foust was also one of the authors of an earlier text by the same title by Brown and led the group in the publication of the several editions.

**Principles of Unit Operations: Foust, Alan Shivers**....  
Dr. Foust, et. al first classified the three unit operations by the underlying process---heat transfer, mass transfer, momentum transfer. I believe that was a revolutionary point of view at the time. But it made it easy for me to build a macro view of Chemical Engineering which has lasted for a lifetime!

**Principles of Unit Operations: Foust, A. S., Wenzel, L. A**....
