and Listening: The 4 Basic

...

Understanding how reading evolved (and just how very recently it began) helps understand the difficulties people can have with learning to read. The visual processes of recognizing shapes and patterns and even of recognizing the sequencing "rules" in written words have developed from the start of our evolution.

The three "R"s (as in the letter R) are three basic skills taught in schools: r eading, w r iting and a r ithmetic (usually said as " reading, writing, and 'rithmetic "). The phrase appears to have been coined at the beginning of the 19th century. The term has also been used to name other triples (see Other uses).

The Language Experience

Method of teaching reading is grounded in personalized learning where the words taught are different for every child. The idea is that learning words that the child is already familiar with will be easier.

Teachers and parents can then create unique stories that use a child's preferred words in different configurations.

3 Methods of teaching reading to children
Reading and Writing. Reading and Writing are taught throughout the school using guidance from the National
