The Last Colony is the 3rd novel in Scalzi's Old Man's War series. It reunites John Perry with Jane Sagan and shifts from within the Colonial Union military to a Colony perspective. But don't worry, there's still a bunch of thrills, spills and explosions to keep you entertained. I'm loving this series and I think this book was the best one so far.

Old Man's War brought some fresh ideas but suffered old military SF tropes. Ghost Brigades had a tight story with interesting concepts on humanity and consciousness, but was a good deal slower than the previous. The Last Colony gives us a page-turning, political story complete with character and action. Well worth the read. 8/10

Hard-core military science fiction at its very best, John Scalzi's *The Last Colony* is the third in *The Old Man's War* series. They must save themselves — or die trying. John Perry was living peacefully on one of humanity's colonies — until he and his wife were offered an opportunity these ex-supersoldiers couldn't resist. To come out of retirement and lead a new frontier world. However, once on the planet, they discover they've been betrayed. For this colony is a pawn in an interstellar game of war and diplomacy. Humanity's Colonial Union has pitched itself against a new, seemingly unstoppable alien alliance, dedicated to ending all human colonization. As this contest rages above, Perry struggles to keep his terrified colonists alive on the surface below — despite dangerous interstellar politics, violence and treachery. And the planet has yet to reveal its own fatal secrets. Continue the gripping space war series with *Zoe's Tale*.

How do you tell your part in the biggest tale in history? I ask because it's what I have to do. I'm Zoe Boutin Perry: A colonist stranded on a deadly pioneer world. Holy icon to a race of aliens. A player (and a pawn) in a interstellar chess match to save humanity, or to see it fall. Witness to history. Friend. Daughter. Human. Seventeen years old. Everyone on Earth knows the tale I am part of. But you don't know my tale: How I did what I did — how I did what I had to do — not just to stay alive but to keep you alive, too. All of you. I'm going to tell it to you now, the only way I know how: not straight but true, the whole thing, to try make you feel what I felt: the joy and terror and uncertainty, panic and wonder, despair and hope. Everything that happened, bringing us to Earth, and Earth out of its captivity. All through my eyes. It's a story you

Hard-core science fiction at its very best, John Scalzi's The Human Division is the fifth in The Old Man's War series. Lieutenant Harry Wilson has an impossible mission. He must help preserve the union of humanity's colonies, in the wake of a terrible revelation. For years the Colonial Union has protected its citizens from the dangerous universe around them. But the people of Earth now know the ugly truth. The Union deliberately kept Earth as an ignorant backwater — and as a source of recruits for its war against hostile aliens. Now, other alien races have formed a new alliance against the Union. And they've invited the incensed people of Earth to join them. Managing the Colonial Union's survival will take all the political cunning and finesse its diplomats can muster. And Harry and his team will be deployed to deal with the unexpected — for failure is unthinkable. Continue the gripping space war series with The End of All Things.

from too much knowledge of the situation. What's known to everybody is that when you reach retirement age, you can join the CDF. They don't want young people; they want people who carry the knowledge and skills of decades of living. You'll be taken off Earth and never allowed to return. You'll serve your time at the front. And if you survive, you'll be given a generous homestead stake of your own, on one of our hard-won colony planets. Old Man's War — John Perry did two things on his 75th birthday. First he visited his wife's grave. Then he joined the army, with only the vaguest idea what to expect. Because the actual fight is far more difficult than he can imagine—and what he will become is far stranger. The Ghost Brigades — At first, Jared is a perfect soldier, but as another man's memories slowly surface, Jared begins to intuit the reasons for their betrayal. Time is running out: The alliance is preparing its offensive, and some of them plan worse things than humanity's mere military defeat. The Last Colony — Retired from his fighting days, John Perry and his wife, Jane, are pulled back into the political arena, and into the thick of interstellar politics, betrayal, and war. Zoe's Tale — Zoe Boutin Perry: A colonist stranded on a deadly pioneer world. Holy icon to a race of aliens. A player (and a pawn) in an interstellar chess match to save humanity, or to see it fall. Witness to history. Friend. Daughter. Human. Seventeen years old. The Human Division — The CU's secrets are known to all. Other alien races have come on the scene and formed a new alliance—an alliance against the Colonial Union. And they've invited the people of Earth to join them. For a shaken and betrayed Earth, the choice isn't obvious or easy. The End of All Things — CDF Lieutenant Harry Wilson and the Colonial Union diplomats he works with race against the clock to discover who is behind attacks on the Union and on alien races, to seek peace with a suspicious, angry Earth, and keep humanity's union intact...or else risk oblivion, and

Hugo-award winning author, John Scalzi returns to his best-selling Old Man's War universe with The End of All Things, the direct sequel to 2013's The Human Division Humans expanded into space...only to find a universe populated with multiple alien species bent on their destruction. Thus was the Colonial Union formed, to help protect us from a hostile universe. The Colonial Union used the Earth and its excess population for colonists and soldiers. It was a good arrangement...for the Colonial Union. Then the Earth said: no more. Now the Colonial Union is living on borrowed time—a couple of decades at most, before the ranks of the Colonial Defense Forces are depleted and the struggling human colonies are vulnerable to the alien species who have been waiting for the first sign of weakness, to drive humanity to ruin. And there's another problem: A group, lurking in the darkness of space, playing human and alien against each other—and against their own kind -for their own unknown reasons. In this collapsing universe, CDF Lieutenant Harry Wilson and the Colonial Union diplomats he works with race against the clock to discover who is behind attacks on the Union and on alien races, to seek peace with a suspicious, angry Earth, and keep humanity's union intact...or else risk oblivion, and extinction—and the end of all things. They are the special wing of the Colonial Defence Forces, elite troops created from DNA of the dead and turned into the perfect soldiers for the CDF's toughest operations. The universe is a dangerous place for humanity, as three hostile races combine to halt our further expansion into space. Their linchpin is a turncoat scientist, Charles Boutin, who unfortunately knows the CDF's biggest military secrets. And to prevail against this alliance, they must find out why Boutin did what he did. Jared Dirac is the only human able to provide answers, being a superhuman hybrid created from Boutin's own DNA. Jared's brain should therefore be able to access Boutin's electronic memories . . . but when that appears to fail, Jared is instead passed on to the Ghost Brigades. Then, just as time is running out, Boutin's memories slowly begin to surface within him . . . but all this while the enemy is planning something much worse for mankind than just military defeat. Praise for Old Man's War: "Clever dialogue, fast-paced story and strong characters." The Times "An original idea, which is brilliantly executed" Sc-Fi Now

More than an anthology, Metatropolis is the brainchild of five of science fiction's hottest writers—Elizabeth Bear, Tobias Buckell, Jay Lake, Karl Schroeder, and project editor John Scalzi—who combined their talents to build a new urban future, and then wrote their own stories in this collectively-constructed world. The results are individual glimpses of a shared vision, and a reading experience unlike any you've had before. Hot Hollywood agent Thomas Stein advocates on behalf of the peace-seeking Yherajk race, but finds his considerable negotiating talents challenged by his efforts to win humanity's trust in the ugly, bad-smelling aliens.

John Perry did two things on his 75th birthday. First he visited his wife's grave. Then he joined the army. The good news is that humanity finally made it into interstellar space. The bad news is that planets fit to live on are scarce—and alien races willing to fight us for them are common. So: we fight. To defend Earth, and to stake our own claim to planetary real estate. Far from Earth, the war has been going on for decades: brutal, bloody, unyielding. Earth itself is a backwater. The bulk of humanity's resources are in the hands of the Colonial Defense Force. Everybody knows that when you reach retirement age, you can join the CDF. They don't

want young people; they want people who carry the knowledge and skills of decades of living. You'll be taken off Earth and never allowed to return. You'll serve two years at the front. And if you survive, you'll be given a generous homestead stake of your own, on one of our hard-won colony planets. John Perry is taking that deal. He has only the vaguest idea what to expect. Because the actual fight, light-years from home, is far, far harder than he can imagine—and what he will become is far stranger. "Solid . . . [Scalzi] sidesteps most of the clichés of military science fiction, delivers fast-paced scenes of combat and pays attention to the science underpinning his premise." [San Francisco Chronicle "Scalzi's imagined interstellar arena is coherently and compellingly delineated . . . His speculative elements are top-notch. His combat scenes are blood-roiling. His dialogue is suitably snappy and profane. And the moral and philosophical issues he raises . . . insert useful ethical burrs under the military saddle of the story." [Paul Di Filippo, The Washington Post "Thought-provoking!" [Entertainment Weekly "Smartly conceived and thoroughly entertaining, Old Man's War is a splendid novel." [Cleveland Plain Dealer "When humanity reaches the stars, it discovers that it must defend its claim to new planets against alien races with similar expansionist tendencies. To ensure the expertise of its soldiers, Earth creates the Colonial Defense Force, an army of men and women otherwise classified as senior citizens, who give up their lives on Earth for an uncertain and perilous future among the stars. Scalzi's first novel presents a new approach to military sf, boasting an unusual cast of senior citizens as heroes. A good choice for most libraries." [Library Journal "Though a lot of SF writers are more or less efficiently continuing the tradition of Robert A. Heinlein, Scalzi's astonishingly proficient first novel reads like an original work by the late grand master . . . This virtuoso debut pays tribute

to SF's past while showing that well-worn tropes still can have real zip when they're approached with ingenuity." [Publishers Weekly (starred review) "Gripping and surpassingly original. It's Starship Troopers without the lectures. It's The Forever War with better sex. It's funny, it's sad, and it's true." [Cory Doctorow "John Scalzi is a fresh and appealing new voice, and Old Man's War is classic SF seen from a modern perspective—a fast-paced tour of a daunting, hostile universe." [Robert Charles Wilson "I enjoyed Old Man's War immensely. A space war story with fast action, vivid characters, moral complexity and cool speculative physics, set in a future you almost want to live into, and a universe you sincerely hope you don't live in already." [Ken MacLeod

From New York Times bestseller and Hugo Award-winner John Scalzi, an extraordinary retelling of the SF classic Little Fuzzy ZaraCorp holds the right to extract unlimited resources from the verdant planet Zarathustra—as long as the planet is certifiably free of native sentients.
