WARRIOR POLITICS: WHY LEADERSHIP DEMANDS A PAGAN ETHOS Robert D. Kaplan Random House, 2002, xxii + 198 pgs. The dust jacket of Mr. Kaplan's book made me suspicious. Henry Kissinger, that vest-pocket Bismarck,1 calls the book " one of the most thought-provoking and profound . . . that I have ever read. " John Gray, whom I have reviewed several times in these pages with incomplete sympathy, concurs: he speaks of a " profound and timely meditation. "

“ The side that knows when to fight and when not will take the victory. There are roadways not to be traveled, armies not to be attacked, walled cities not to be assaulted. ” —Sun-Tzu We live in dangerous times, when a new kind of leadership is required. Visionary and ruthlessly strategic, Warrior Politics extracts the best of the wisdom of the ages for modern leaders who are faced with the complex life-and-death challenges of today ' s world—and determined to win. Sun-Tzu urges leaders to “ plan and calculate like a hungry man. ” Machiavelli defines a policy not by its excellence but by its outcome. Churchill derives his greatness from his imagination of history. Livy shows that the vigor to face down adversaries must ultimately come from pride in our own past achievements. “ Never mind if they call your caution timidity, your wisdom sloth, your generosity weakness, ” he writes. “ It is better that a wise enemy should fear you than that foolish friends should praise. ” “ Men often oppose a thing merely because they have no agency in planning it, ” Alexander Hamilton says, “ or because it may have been planned by those whom they dislike. ” Replete with maxims, warnings, examples from history, and shrewd recommendations, Warrior Politics wrests from the past the lessons we need to arm ourselves for the present. It offers an invaluable template for any decision-maker—in foreign policy or in business—faced with high stakes and inadequate knowledge of a mine-filled terrain. As we gear ourselves up for a new kind of war, no book is more prescient, more shrewd, or more essential.

The authors of this book explain the differences between managing by the 3-Ps (Proximity, Position, and Persuasion) and the 3-Cs (Clarity, Consistency, and Connectivity). Leaders who employ the 3-Ps manage with a focus on the individual. Leaders who use the 3-Cs, however, manage by weaving personal leadership techniques with a process of managing the business or organization that has proven extremely effective during the decade since it was introduced. It's a way to lead a company or organization that leaves a legacy of sustained growth and success for those who come after the leader to latch onto and continue. The book is written as a business novel. What is learned on the protagonist's journey is expanded upon in a lesson at the conclusion of each chapter. Readers are then invited to assess their own legacy potential by completing a self-assessment. The management process this book contains is now being employed successfully not only by small and medium size businesses, but also by Fortune 500 companies, successful municipalities, and the United States Army.

"Managerial styles are influenced by habit, familiarity, and workplace culture. It's no wonder that well-intentioned professionals doing their best to be good organizational leaders often repeat unhelpful supervisory practices experienced in their early careers, even if they disliked them at the time. In the DUH! Book of Management and Supervision, the author disagrees with many accepted leadership principles (unabashedly referring to them as myths) and makes new and different approaches easier to imagine. Her challenging and controversial concepts illustrated with poignant stories suggest common-sense and immediately applicable alternatives more suitable in today's workplace"--Back cover.

What does it mean to have a "warrior mindset"? What is different in the way a warrior thinks than the rest of us? Throughout the ages, warriors - ancient and modern - have had a determination to win like no other. They are willing to take calculated risks for the betterment of their fellow warriors. They live to stand for something greater than themselves. The warrior mindset is different. It is about knowing what you want and going for it. It's about being hard and it's about not letting little things get you down. It's about pushing ahead with what you know is right and it's about carrying responsibility and hardship on your shoulders with dignity and pride. It's about not letting your emotions get the better of you and it's about not taking the easy answer or the easy route to solve your problems. Instead, it's about taking the hard right and not the easy wrong. Now imagine if you could take that same mindset and apply it to modern life. Instead of getting tired or bogged down, instead of being distracted and tempted, you would instead drive forward with an unstoppable, bulletproof mentality. Your enemies would quake knowing that there was nothing they could do to stop you and the obstacles that normally would block another person's career, relationship goals and financial plans would all crumble beneath your will. Developing a warrior mindset makes you unstoppable. You are a warrior! In Warrior Mindset, we delve into how a warrior thinks and how you can learn that same way of thinking and apply it to your career, relationships and financial goals.

There are hundreds of books written on the X's and O's of leadership. However, few on how you, the leader, can create the "context or environment" for achieving unparalleled levels of success. Stay in your lane is a fresh new perspective on how leaders influence others to reach their true potential. The attitude of the leader affects the atmosphere of the office.

that captures a story many Americans fail to appreciate-the sacrifices of our armed forces, their families, and the medical teams who support them. The tactical flight operations, ground combat scenes, and medical emergencies are real-not Hollywood-and the stories of wounded warriors and those waiting at home are unforgettable." - General Bill Begert, USAF (Ret), Former Commander, Pacific Air Forces Centerline tells the arresting story of the last leg of an emotional journey through the eyes of wounded warriors, crew, and medical caregivers making the trip home from military hospitals just before Christmas at the height of the surge in Iraq. Air Evac 1492 is the collective Air Force call sign for the flight. But each person on board has an individual story of hopes, dreams, fears, and regrets as the aircraft wings its human cargo through bad weather, flashbacks, and in flight emergencies. "Everybody who goes to war gets shot," one soldier says. "Some in the body. Some in the head. Some in the heart." This inspiring debut novel by Dave McIntyre (Ret COL USA) combines compelling technical descriptions of flying, combat, and medical care in-flight to drive the story through a rollercoaster ride of emotions as thirty-one "souls on board" travel through pain, loss, a killer storm, and the demons of the past to make it home for Christmas. Some travelers will fall short of the runway. And some will find the beacon that leads them home-back to the centerline.

Excellent leaders are not afraid of a crisis, instead they look upon it as an opportunity for growth. In this book, Aditi Chopra discusses what it means to lead under crisis in the corporate world. It is very important for great leaders to learn the art of turning every crisis into an opportunity and henceforth become even stronger leaders.

One of the benefits of social media is getting to meet the parents of special needs children and adults. I have grown to know and truly admire these brave people. Our solitary journeys have taken many different roads, yet we've all connected on sites like Facebook, Twitter, and other forums. The support we give each other is a lifeline-an opportunity to not only share the joys our sons and daughters bring into our lives, but also the chance to rant about the frequent injustices we meet head on. I am honoured to have 'met' so many fantastic Warrior Mums from around the world, so honoured that I decided to feature some of their stories in a blog series, which I have now reproduced in this book. These mums will inspire you, just like they have me, these brave women who share their stories from childhood to motherhood and reveal far more than they normally would, in the hope their stories will help others.

These Lessons Will Put You On The Path to Success!When I first earned a promotion to a leadership position, I received no training to develop my skills. The unwritten rule seemed to be that if you received the promotion you must know what you are doing, so now go do it! Sound familiar? Unfortunately, I have talked with thousands of newly promoted leaders over the years that have had the same experience. If you have been thrust into a position of leadership with little or no training, this book contains the lessons you need to jump-start your new role and get you on the path to become the leader you want to be. If you are serious about making the move from " manager to leader " , or if your job is to help others make the move, this book is for you! Your lessons will include:• Key behaviors that will cause you to be immediately recognized as an effective leader.• The power of perception: how to look, think and act like a leader.• The truths of our human connection and how to use these truths to strengthen your team.• Building an extraordinary team through selection, orientation, training and development.• Simple leader-led processes to solve problems, create action plans, and develop team members.• Dealing with change, preparing for the unexpected, resources for the future and much more!
